INTO ITS OWN!

Starched shirts and stiff hats made a good showing during the royal visit, but all of that is past and we are proud that we conducted ourselves in such a respectable and edifying manner. We are not apt to forget one thing about the visit of the King and Queen, and that is the satisfaction of knowing that Their Majesties could eat with joy your picnic and eat a nice sort of life this is. You may be comforted to feel that the space between royalty and common folks isn't so great that the booby frankfurter can't bridge the gap.

These are the days of family and church picnics, family reunions and so on and so forth. There will be found the American but one at the typically American scene. As you get amid a group of friends, give a thought what it means to be Mr. Average Citizen instead of His Highness. You have a mouthful of fun and are apt to be drinking beer over your neck, but what a nice sort of life this is. You may be comforted to feel that the space between royalty and common folks isn't so great that the booby frankfurter can't bridge the gap.

AIRWAY

"Air is coming my way." The young fellow who has been planning to take to the road this summer and hoping to go places and see things by "bumping," has been given a word of advice from Jeff Davis, the King of Hobbies. He warns that already there are about 20,000 youngsters on the road and an unexpected 50,000 by July. The old jobs to be fought are scarce and the risk of hunger, jail and association with criminals is common. Folks will do their best to keep their young off the road for such traveling is apt to produce trouble and sorrow. It is too often that the paths aren't straight.

A NEW WRINKLE!

There are some women who never take an interest in affairs other than those around their home and life. Some say they are too busy to read. But there will be all of these ladies aroused when they discuss and make a feminine attack on Mr. Hitler's latest edict. He feels the lack of manpower wasted in the manufacture of cosmetics and demands a 90 percent reduction. The ladies are far from telling the ladies to have babies, do without bread, join the army. Something will make our women folks interested in international affairs and this is it. When you place a ban on beauty preparations, "them's fighting" words, Mister.

TALKING OF TURKEY

It was just last summer that we wrote about the work they were doing on the watermelon to make it the right size to fit in a family icebox. Some fellows were experimenting and had developed a fruit that was about the size of a cantaloupe and could be stored easily. Things are moving mighty fast and you have to keep on your toes.

In the old days this was a country of big families and larger appetites. Turkey had to be big to secure a place on a self-respecting dining table. But these days are far from that. Turkey had to be big to secure a place on a self-respecting dining table. But these days are far from that. Turkey had to be big to secure a place on a self-respecting dining table. But these days are far from that.

SULLEN SPEAKS

J. F. Sullen was the guest speaker at a luncheon meeting of the West Palm Beach Junior Chamber of Commerce at the Hotel George Washington Monday. Mr. Sullen, who was introduced to members of the club as the president of the Belle Glade Chamber of Commerce, mentioned the improvements being sought for Belle Glade by the chamber. He mentioned new highways, a bank, better school facilities, lower freight rates and expansion of the sugar industry. Mr. U. M. Counts, county agent, supported Mr. Sullen's statements and urged support of year-around agriculture in the Everglades.

Too Late TO CLASSIFY

By Russell Kay

AS OTHER EDITORS SEE IT

Well, folks, after driving twelve hundred miles and standing round for hours waiting for a car to be fixed, I have to say that I am not too late to classify the situation. I have to say that I am not too late to classify the situation. I have to say that I am not too late to classify the situation.

I have to say that I am not too late to classify the situation. I have to say that I am not too late to classify the situation. I have to say that I am not too late to classify the situation. I have to say that I am not too late to classify the situation.

I have to say that I am not too late to classify the situation. I have to say that I am not too late to classify the situation. I have to say that I am not too late to classify the situation. I have to say that I am not too late to classify the situation.

I have to say that I am not too late to classify the situation. I have to say that I am not too late to classify the situation. I have to say that I am not too late to classify the situation. I have to say that I am not too late to classify the situation.

I have to say that I am not too late to classify the situation. I have to say that I am not too late to classify the situation. I have to say that I am not too late to classify the situation. I have to say that I am not too late to classify the situation.

I have to say that I am not too late to classify the situation. I have to say that I am not too late to classify the situation. I have to say that I am not too late to classify the situation. I have to say that I am not too late to classify the situation.

EVERYBODY GETS A LICENSE

Although the state's new driver's license law is due to be effective on July 1, it is not too late to get a license. It is not too late to get a license. It is not too late to get a license.

It is not too late to get a license. It is not too late to get a license. It is not too late to get a license. It is not too late to get a license.

It is not too late to get a license. It is not too late to get a license. It is not too late to get a license. It is not too late to get a license.

It is not too late to get a license. It is not too late to get a license. It is not too late to get a license. It is not too late to get a license.

It is not too late to get a license. It is not too late to get a license. It is not too late to get a license. It is not too late to get a license.

It is not too late to get a license. It is not too late to get a license. It is not too late to get a license. It is not too late to get a license.

Claims Are Filed In Island Suits

Monitors of the Island Growers Association are awaiting outcome of the first test case to be held in Florida in the near future and involving claims made by Ross and Gertrude Williams of Turkey Island. Twenty-five claims have been filed in the court of claims at Washington, D. C., by growers on Turkey, Ritts, Kraemer and Little Kraemer Islands for alleged crop losses during the seasons of 1934 to 1935 because of high water artificially maintained by the dike and flood gate control.

The 375th anniversary of the printing of the first book in Russia was celebrated in Moscow by opening an exhibition of the book "The Acts of the Apostles," which was issued in Moscow in 1564.

That same fellow who says he is busy in his own home is just as little to be about other things.

Community Happenings

IN BELLE GLADE

Social And Personal . . . Fraternal And Civic Clubs

Donald Weeks and John Schlegel left this week for a vacation trip to points in the North. They expect to visit in Indiana, Ohio and Michigan.

Rev. Denham and wife were visitors in Belle Glade Sunday. Rev. Denham filled the pulpit at the Community Church in absence of the pastor.

Mr. and Mrs. W. F. Granger, and son, Walter, spent the weekend with friends in Radford, Ohio and Jamie Brown, Godwin returned Monday with them for a visit.

Mr. and Mrs. Ogle Moore and children left Saturday for a month's vacation. After a visit with their parents they will move to Texas and other points west. Walter Hooper returned Monday from Cleveland, Ohio, where he attended the International Rotary Convention. Mr. Hooper and family will leave the first of next week for a six weeks' vacation with J. A. Hooper at Niles, Mo.

James Darden left Saturday to join Mrs. Darden at Charlotte, N. C. They will visit in Tennessee before returning home.

H. R. Anderson of Cord Gaines was a weekend guest at the home of Mr. and Mrs. H. H. Hart.

Mrs. J. W. Mosley, and son Walter, who have been the guests of Mr. and Mrs. W. R. Hooper for the past two months, left for their home at Tavares Thursday.

Miss Gloria, Fredrick of Miami is visiting her cousin Elaine and Carolyn Fredrick.

Sunday guests at the home of Dr. and Mrs. John Wilson were Mr. Frank Green and Mrs. T. Halsey of Villa Rica, Ga.

Miss Elizabeth Thompson, one of our teachers, is taking a summer course at Duke University.

Mrs. R. T. Keller was a recent guest at the Methodist parsonage.

Mrs. W. W. Miller returned Saturday after a three weeks' vacation with her daughter, Mrs. Ray White, of Wareboro, Ga.

Miss Jean Edwards of Lawley is visiting at the Jackson home.

Mrs. Roscoe Harris and children, Kenneth and Betty Jean, are accompanied by H. C. Warren, who is in Miami. Kenneth is being treated at a hospital by a specialist.

The Ladies Aid Society of the Community Church will meet at the church Wednesday afternoon. Mrs. Herbert Beck was in charge of the program and reviewing a chap-

ter on "Higher Christian Education in India" from the study book "Moving Millions". In the absence of the president, Mrs. J. O. Ellis, Mrs. C. E. Riedel presided over the business session. Those present were: Mrs. M. M. Sabinson, Mrs. Frank Morris, Mrs. W. R. Hooper, Mrs. R. R. Teller, Mrs. H. H. Hart, Mrs. Joe Fredrick, Mrs. W. B. Granger, Mrs. W. W. Miller, Mrs. John Wilson, Mrs. Paul Clarke, Mrs. Curtis Thompson, Mrs. J. O. Jameson, Mrs. H. D. Beck, Mrs. C. E. Riedel. The yearly programs of the Society may be secured from the Secretary, Mrs. M. M. Sabinson.

The regular meeting of the Belle Glade Garden Club will be held at the Club House next Thursday, July 6. All members keep this date in mind and come bringing any who are interested in growing things. There will be an in-formation program.

W. P. Hill has gone to Ohio on a business trip.

Roy Lane and family left Monday for Lake Park, Ga. where they will visit relatives.

H. D. Beck was in West Palm Beach Thursday where he will speak at the Rotary Club meeting.

Dr. and Mrs. J. R. Beckenbach and family will be in the region where they will reside. Dr. Beckenbach is being transferred to the Experiment Station in Gainesville.

Those who are attending the Epworth League Institute at Daytona Beach last week, returned to Belle Glade Monday reporting a most interesting and inspiring week. They will tell all about it at the regular League meeting Sunday night at the Community Church. All young people are invited to come and take part. This will also be a special meeting with the South Bay League, when a summer program will be planned for August.

The Daily Vacation Bible School will begin at the Community Church, July 17th and last two weeks. More details will appear later.

Miss Pauline Hill, entertained Dr. and Mrs. J. R. Beckenbach and son at dinner Tuesday night. Mrs. Wilson entertained them at breakfast Wednesday before their departure.

Mrs. H. H. Wedgworth and children left Saturday for Tampa where they were guests of Mr. and Mrs. S. L. Sparkman over night. From there they will go to the Girl Scout Camp at Cleveland, Ga., and George to the Seminoles Camp for boys at Harrisburg, Va. They will be there for eight weeks.

Mr. and Mrs. E. H. Wedgworth will visit the World's Fair before returning to Belle Glade. Mrs. Wedgworth and Barbara spent Sunday at Safety Harbor, returning home Monday.

Mr. and Mrs. E. H. Wedgworth were business visitors in Miami, Tuesday.

Mr. and Mrs. Jack Warren and children of Philadelphia, Miss., are visiting Mr. and Mrs. L. J. Warren.

Those attending Eastern Star meeting at the home of Mr. and Mrs. L. J. Warren were: Mrs. Ruth Stein, Mrs. Mabel Lutz, Mrs. J. W. Cherry, Mrs. Sally Stein, Mrs. L. J. Green, Mr. and Mrs. G. W. Evans, Mr. and Mrs. M. L. Albaugh and Wendell Liles of Beaumont, Tex.

Side Glances . . .

Malcolm Miller, the enterprising, exuberant and effervescent advertising director of the Gold-Dobson enterprises, (i.e. the Prince and Everglades Theaters) had a delightful scheme two weeks ago. The episode was "Stagecoach" was scheduled to be the celluloid attraction at the local cinemas and Mal spent hours in whipping a real "train chugging" shape.

When fully completed, after hours of anxious labor, Mal's little old Ford "scramble-together" was ready to go. On the appearance of a stagecoach with a tall piece of background showing Indians and rugged scenery and extending the clearance of the Miller machine to a dangerous height.

Now there is an underpass at the Florida East Coast railway tracks in Belle Glade at a point between the Main street bridge and the Chosen bridge on the south side of the canal. Well, to make a tall story short, Mal did not make it and the tall story really was short! Western scenery, Indians and deer were featured in a wild area under the bridge.

Summer Schedule

FRIDAY, JUNE 23rd
Slim Felton is open again for business next door to Postal Telegraph.

The thinning ranks of the Belle Glade Rotary will make another "stand" at the Community Church still under the guidance of President Jim Darden. President Jim, between trips to Cuba, is driving on his glistering new Chrysler.

When fully completed, after hours of anxious labor, Mal's little old Ford "scramble-together" was ready to go. On the appearance of a stagecoach with a tall piece of background showing Indians and rugged scenery and extending the clearance of the Miller machine to a dangerous height.

Now there is an underpass at the Florida East Coast railway tracks in Belle Glade at a point between the Main street bridge and the Chosen bridge on the south side of the canal. Bids Are Opened On Revised Camp Project

Bids covering 62 homes for labor families and two residences for camp managers were opened Wednesday at Montgomery, Ala., by the Farm Security Administration. The bids received were final estimates on revised plans for part of the Belle Glade camp projects. The low bidder has not yet been announced.

Chandler and Land have already been awarded contracts covering construction of 409 shelters and all the community buildings, including schools and recreation centers. They have been notified to post performance bonds and will hoped they will provide further as these are approved.

Total cost of the two camps will be approximately \$600,000 with construction to put to work 100 or more laborers at highest prevailing wages.

According to contractors in charge of grading, Road 25 between Belle Glade and Twenty Mile Bend will be open to traffic about August 1. The grade on the rebuilt street has been completed and crushed rock material and a number of all concrete quads were reported on hand and ready to commence top surfacing.

Officials of the Miami Production Credit Association announced they will be in Belle Glade July 5 and 6 to receive applications for farming, livestock or poultry loans. They will meet every Tuesday and Wednesday thereafter in July at the Pioneer Grocers Association office.

Scullen Reports—

(Continued from page 1) judgment matter is now pending before the Interstate Commerce Commission, according to Mr. Scullen.

The outlook for favorable freight rate adjustment is not bright," said Mr. Scullen, "but action on the sugar cane quota is expected to be favorable to this region." Senator Andrews and Representative Cannon have both introduced sugar legislation bills and are described as "company measures."

Announcement was made of the arrival of Representative Cannon at 5:30 p. m. Tuesday, at the West Palm Beach airport. Arrangements were made for a local delegation to meet Representative Cannon at the airport and escort him to Cleveland where he was a principal in the Department of Agriculture's hearing there on Wednesday. A committee of two representing the various civic groups of Belle Glade, in addition to the Town Commission of Belle Glade.

Monday, June 26th
We have a hunch that the Chamber of Commerce might have some. There has been new banking rumors circulating about and the road situation, as always, needs a little clarifying.

Tuesday, June 27th
The Merchants Division of the Belle Glade Chamber of Commerce is scheduled to meet at the Woman's Club building tonight. W. P. Risk, president of the new group, invites all Belle Glade business men who are members of the Chamber of Commerce to attend. It's a worthy organization and may prove doubly valuable as a true representation of the merchants' views. You know it's the merchants who either make or break a town.

Wednesday, June 28th
Famous "Hickie with an Ikes" originator, R. K. Harris, will blow down to the old Town Hall with the rest of the glory fathers of our town to hold council on civic affairs.

The "Hickie with an Ikes" is already on display at the new Town Hall but there's one more to go on the town's water tank if the thing is ever erected.

Everyone is hoping that the commissioners who are responsible and who were instrumental in securing the new Town Hall for Belle Glade might have an opportunity to sit at least for one meeting in the new hall before relinquishing duties to other hopeful politicians.

Thursday, June 29th
This is the day when all good Belle Glade Rotarians attend the Rotary Club in Pahokee. And this is also the day when paper, ink, type and sweat are poured into the giant press, and on the morrow you'll see it in print—in the Belle Glade News.

Glade were on hand to greet the Representative.

Mr. Scullen suggested that the Merchants Division draw up a resolution commending the work of the Everglades Experiment Station in promoting the development of livestock feeding in the Glades. This suggestion was agreed upon favorably by the members present and Dr. J. R. Neiler, bio-chemist in charge of the Station, thanked the group for its expression of appreciation and stated that "demonstration has been the aim of the Experiment station for many years." He added that "cattle feeding is still in its primary stages in this area but much promise is held for its further development."

President W. P. Risk explained to members and visitors present that the Merchants group was formed mainly to allow all members of Belle Glade an opportunity "to solve problems and meet on a friendly and informal basis."

Mr. Scullen suggested that the Merchants hold an occasional luncheon meeting to stimulate interest in the group. Other suggestions were made to hold occasional barbecues and fish fries. Members and visitors present

included W. P. Risk, J. F. Scullen, William Pierce, Louis Salomone, Paul Clarke, Dr. J. R. Neiler, B. F. Sears, Lou Betzner, Ralph Kirk, Ivan Van Horn, Bill Gurkin, C. L. Redmer, Leonard Stirling, Allen Greer and H. J. Bratley.

Mr. Van Horn and Mr. Kirk were reported active on the membership committee of the new group.

Time in on W.L.N.O. every Friday night at 8:00 for ALFAR Spelling Bee. You will enjoy it.

ATTENTION HARD DRIVERS!

Beneath the brilliant styling of this year's Ford cars are advantages of special importance to folks who use their cars hard . . . advantages that only Ford owners get at this price. Before you decide on your new car . . . drive a Ford V-8!

ONLY V-8 ENGINES in any low-priced car; smoother, more responsive, more fun to drive.

HIGH GAS MILEAGE 85 h.p. Ford V-8 in this year's Gilmore-Yosemite Economy Run showed best gasoline mileage of all leading low-priced cars.

ONLY STABILIZED CHASSIS—Only low-priced car with full Torque-bar drive, 4 round rods, transverse springs. Test reliability on rough roads, least sideway on turns, no "squatting" starts or hobbling stops.

BIGGEST HYDRAULIC BRAKES ever put on a low-priced car, 12" drums, 162 square inches total braking surface. For extra stopping power and extra long brake lining life.

THIS IS THE YEAR TO GO FORD V-8 EXCELS IN THE THINGS THAT COUNT!

B. ELLIOTT FORD CARS AND TRUCKS Pahokee Belle Glade

GREETINGS . . . to our Everglades friends!
